

Mallorca

Loft

Mallorca, ecstasy and motion, oh oh oh
That's Mallorca
Mallorca, give me your devotion, oh oh oh
That's Mallorca
Living is easy, life will be so crazy
I don't wanna miss it no more
Come on down and get it
Your mind can really take it
That's the way you like it for sure

Mallorca, join the generation, oh oh oh
That's Mallorca
Mallorca, feel the good vibration, oh oh oh
That's Mallorca

Hey with my feeling nice, and my feeling nice like our
Hey we could make it deep in the cool water
Hey with my feeling nice, and my feeling nice like our
Come on and take a break
Come take a break and release the pressure
Hey you, whenever you wanna be
Where the sun is out and you're feeling free
Hey you whatcha gonna do
If you're feeling sad or if you're feeling blue
One, two I need my dancing shoe
I need a party and so do you
Three, four I'm out on the dancefloor
Mallorca is the place for sure

Come, come follow me
Come, come, hit it, hit it !

Hey I'm feeling nice, I'm feeling nice like a...
Hey make a way straight to the air, music and time
Hey I'm feeling nice, I'm feeling nice like a...
Come on and take a break
Come take a break and go Mallorca
Hey you, wherever you wanna be
Where the sun is out and you're feeling free
Hey you whatcha gonna do
If you're feeling sad or if you're feeling blue
Five, six Soulman in the mix
Everyone does so you're on the race
Seven or eight we're gonna set things straight
I got a date and I won't be late
