

# Change

Loick Essien

(Verse)

I know that I couldn't make you stay  
Things happen and life is full of changes  
Just know that I'll always feel the same  
Somewhere deep down I never shut you out

(Pre-Chorus)

Don't ever change for me  
Ever though I'm in another place  
I still have that flame for you  
It never goes away

(Chorus)

I close my eyes and I think of you again  
How we were and how we're not the same  
Girl I hope you're good and it all worked out okay  
Just don't ever change  
Just don't ever change

(Verse)

Some days I wish we had more  
Girl just some of the best days of my life, so amazing  
I know that for you they meant the same  
Somewhere deep down you never shut me out

(Pre-Chorus)

Don't ever change for me  
Ever though I'm in another place

(Chorus)

I close my eyes and I think of you again  
How we were and how we're not the same  
Girl I hope you're good and it all worked out okay  
Just don't ever change  
Don't ever change (Don't ever change)

I close my eyes and I picture you again  
How we were and how we're not the same  
Girl I hope you're good and it all worked out okay  
Don't ever change
