

# If You Ever Leave

Loick Essien

This is my conversation with heartache  
I'll never understand if I don't listen  
I'm trapped inside this place with no escape  
So won't you tell me what I'm missing

And my heart is screaming 'rescue me'  
You will only see it in my eyes

If you ever leave  
I want you to take me with you  
You mean everything  
And there's nothing we won't get through  
And if you ever leave  
I know that I'm gonna need you  
To help me out

If you need me to remember you  
I'll take a picture and lock it in my heart  
Out here in the battlefield I lose all round and reason?  
And my feeling and my memories  
I watch them fall apart

When my heart is screaming 'rescue me'  
You will only see it in my eyes

If you ever leave  
I want you to take me with you  
You mean everything  
And there's nothing we won't get through  
And if you ever leave  
I know that I'm gonna need you  
To help me out

I'm only human  
So if you cut me I'll bleed  
You being here is so necessary to me  
This pain is flooding my lungs and it's tearing my heart apart  
Believe it now there's no meaning  
You can do whatever  
Please stay with me

If you ever leave  
I want you to take me with you  
You mean everything  
And there's nothing we won't get through  
And if you ever leave  
I know that I'm gonna need you  
To help me out
