

# This Is Your Life

Londonbeat

Here we go then

This is your life, this is no fantasy  
I'm gonna tell you this  
Oh, this is your life  
You're one on one with me

Oh girl you're a gypsy  
A child of the night  
You make, you make me so happy  
You make me high as a kite

Oh when I, when I first saw you  
Oh, I could not stay away  
Listen, it's I, it's I  
I came alive with love that day

This is your life, this is no fantasy  
Oh, I just wanna tell you this, I'ma tell you this  
This is your life  
You're one on one with me

This is your life, this is no fantasy  
Oh yeah, let me tell you this, I wanna tell you child  
Girl, this is your life  
You're one on one with me
