

Force To Fight

Lonewolf

Shall I sail forever on and never look back
How can I face those regrets aching in my heart?

Some wounds will never heal and time cannot help
Passing hours, days and years
Some pain will last

(Warrior) forging an armor
(Warrior) emotions to hide
Scars hurt the soul but feed the force to fight
(Warrior) forging an armor
(Warrior) emotions to hide
Scars hurt the soul but feed the force to fight, the force to fight

You'd better be strong 'cause destiny calls
Rise above the ashes and learn from the past

You build your own temple - the power of a god
No use crying all alone - it's up to you to carry on

(Warrior) forging an armor
(Warrior) emotions to hide
Scars hurt the soul but feed the force to fight
(Warrior) forging an armor
(Warrior) emotions to hide
Scars hurt the soul but feed the force to fight, the force to fight

(Warrior) forging an armor
(Warrior) emotions to hide
Scars hurt the soul but feed the force to fight
(Warrior) forging an armor
(Warrior) emotions to hide
Scars hurt the soul but feed the force to fight, the force to fight!
