

The Grey Wolves

Lonewolf

Forty thousand men
Sent aboard U-Boats
To challenge the Royal Navy

Less than ten thousand
Will return back home
From the Atlantic's claws of death

(The grey wolves) tragic memory
(The grey wolves) hunt through the sea
(The grey wolves) iron coffins
(The grey wolves) monsters of steel

Desperate struggles
Claustrophobia
Living in a grave under the sea

Boredom and illness
Bravery, brothers
In a disaster to foresee

(The grey wolves) tragic memory
(The grey wolves) hunt through the sea
(The grey wolves) iron coffins
(The grey wolves) monsters of steel
