

Star Union

Look-Out!

I hate
people who set up for star and don't make it.
people, who copy songs and don't take it.
people evincing all the time: I'm more than you, more than you.

I don't wanna have these "superstar" features.
I don't wanna be next artificial creature.
I don't wanna look at your two-faced smile or two-faced tears.
I never hide, my own feelings.
I don't wanna hear your stupid jaw, which are not real, are not
real.

Now, please wake up now, wake up right now, be true to type.
Please, please break up this, break up this show. The Star Union
is for "slow-down".

Rock you.
Fuck you.

I know what's your problem, your whole life, your thought, your
style, your shit your fictive sign is problem. Star Union. Star
Union.
I don't wanna set up for star and be like them, feel like them.

Now, please wake up now, wake up right now, be true to type.
Please, please break up this, break up this show. The Star Union
is for "slow-down".
