

Golden Rainbow

Looking Glass

I was lonely and
Broken hearted
I was cryin' and ya
Heard me cry
All my troubles
Soon departed
You were the sunshine in a
Cloudy sky
I was lost
'Till ya found me
And ya sent me
On my way

Hey mama
You're the reason I'm feeling good today

And like a
Golden Rainbow
You're shinin' down on me
Just like a golden rainbow
You're shinin' down on me
There'll be no more rain, dear
Sunshine is all I see

I've been hurt and
Badly treated
I was scared of being
Hurt again, darlin'
Your sweet love was
All I needed
I've been feelin' mighty
Good since then
You're the one
In a million
That I dared not
Hope to find
Lovin' you has brought me peace of mind

And like a golden rainbow
You're shinin' down on me
(Just like a rainbow)
There'll be no more rain, dear
Sunshine's all I see
Just like a golden rainbow
You're shinin' down on me
(Just like a rainbow)
