

# Don't Hate the Player

## Looptroop

What you want? Hot shit to the death  
How do you like this sound? Exactly what I meant  
Looptroop is hotness for Babylon intruders  
gun salute shooters & everyday music consumers  
You can't bruise us, better chew that paper  
Talk shit, we a go slew the perpetrators  
We heard you hate us, we hurt you fakers  
It takes more than your jealous ass to break us  
This shit is pumpin' wrecking your sound detector  
After twenty records still top choice for selectors  
In every sector all over the tour  
we bring an all out war on all of your laws  
We go all out raw all over your domain  
The whole world know these four, who knows your name?  
We leavin' stains on your parliaments  
then go to the next sold out show, who want arguments?

Don't hate the player, don't hate the game  
Hate the troop man we take all blame  
that you got no money, you got no fame  
that you got no honeys, you got no name

Lace up your sneakers, show off with your speakers  
Now, raise up your glass, make sure it's twelve centilitres  
Blao, salute the dj when the crowd's off the meters  
Aaoh, let's make it hot, tank tops and wife beaters  
Yo, go tell your women I'm an asshole, I don't care  
No, I don't get lucky, that's skill, life's unfair  
Wow, I know it hurts to see the girls, see the gear  
So, you gotta let it out on somebody in here  
True, I understand, I make you look bad in your hometown  
Fool, but I'm a leave tomorrow, you'll get back that torn crown  
Cool, swallow your pride, get up here, gimme a false pound  
Boo, tough on your ego, but it's rough to be small time  
Ok, two can play that game, I'll shake your hand and smile, fuck it  
Say, nothing man, I'm working in my high so cut it  
Hey, I know the best thing we could do is stay above it  
Ha ha, you must hate the troop as much as I love it!

Don't hate the player, don't hate the game  
Hate the troop man we take all blame  
that you got no money, you got no fame  
that you got no honeys, you got no name

Yo I'm bringin' the monstafunk your babymoms a pump  
the ladies' hearts a thump, your neighbours' cars a bump  
this shit till they cause a roadblock for four blocks  
You say call the riotsquad! I say poor cops!  
They don't know what they're in for  
They won't come prepared they didn't get the right info  
...mation, no bio, no presentation  
Well here it is man - the proper education  
The lowdown on the whole sound  
Hope you're good at taking notes cus I wont slow down, check it!  
Looptroop is the textbook example:  
You can't fuck with beats, texts, hooks and samples  
A classic before it even hits the plastic

But can they do it again? No need to ask it  
You know we bring it from the heart every time  
You know you need to press start then rewind  
or you might miss a vital part of the rhyme  
cus that's just the type of thought we design  
So Looptroop is still hated by everyone  
cus Looptroop is still better than anyone... what!?

Don't hate the player, don't hate the game  
Hate the troop man we take all blame  
that you got no money, you got no fame  
that you got no honeys, you got no name
