

# My Deepest Fear

Lord Of The Lost

Time is invincible  
Fate is a story  
But rain comes after the sun  
We cannot avoid it  
But I am not sure  
If I am the bullet  
The heart or the gun

Oh, my deepest fear  
Is getting close  
And I will lose myself in you  
My deepest fear  
And I do know  
That I will lose you one day

The end unavoidable  
My love unbreakable  
But we are still on the run  
Time is invincible  
Fate is a story  
But even sometimes  
After rain comes the sun

Oh, my deepest fear  
Is getting close  
And I will lose myself in you  
My deepest fear  
And I do know  
That I will lose you one day

My deepest fear  
Is getting close  
And I will lose myself in you  
My deepest fear  
And I do know  
That I will lose you one day

Always be aware  
So you can feel it  
Always be scared  
But never fear it
