

# I'm A Honky Tonk Girl

Loretta Lynn

**G** **D**  
Ever since you left me I've done nothing but wrong  
**A7** **G** **D**  
Many nights I've laid awake and cried  
**G** **D**  
We once were happy, my heart was in a whirl  
**A7** **G** **D**  
But now I'm a Honky Tonk girl.

**A7** **G** **D**  
So turn that Jukebox way up high  
**A7** **G** **D**  
And fill my glass up while I cry  
**G** **D**  
I've lost ev'rything in this world  
**A7** **D**  
And now I'm a Honky Tonk girl.

**G** **D**  
I just can't make a right with all of my wrongs  
**A7** **G** **D**  
Ev'ry ev'ning of my life seems so long  
**G** **D**  
I'm sorry and ashamed for all these things you see  
**A7** **G** **D**  
But losin' him has made a fool of me.

**A7** **G** **D**  
So fill my glass up to the brim  
**A7** **G** **D**  
To lose my mem-o-ry of him  
**G** **D**  
I've lost ev'rything in this world  
**A7** **D**  
And now I'm a honky tonk girl.

All he ever gave me was a reason to go bad  
And it's not hard to see just what I am  
I'm ashamed and I'm sorry for everything you see  
But losing him has made a fool of me.
