

The Big Man

Loretta Lynn

I've been keepin' company
With someone that I love
He's somebody special
That I can't stop thinkin' of
I want to be right with Him
And He tells me I can
When the Big Man's holdin' on to my hand

And when I cross over Jordan
Over to that golden shore
I know He'll be waiting there
To love me that much more
No He don't make no footprints
When we walk through the sand
But the Big Man's holdin' on to my hand

I talk to Him daily
'Cause we always stay in touch
He's right there when I need Him
Oh need Him oh so much
I'd love to be more faithful
And devoted than I am
'Cause the Big Man's holdin' on to my hand

And when I cross over Jordan
Over to that golden shore
I know He'll be waiting there
To love me that much more
No He don't make no footprints
When we walk through the sand
But the Big Man's holdin' on to my hand

Nope He don't make no footprints
When we walk through the sand
But the Big Man's holdin' on to my hand
