

Touch Me With More Than Your Hands

Loretta Lynn

There's so much more of me somewhere inside
And so much you don't understand
My heart's always been here, but you never tried
To touch me with more than your hands

Oh I hurt till I nearly go crazy sometimes
And that's not the way I had love planned
You could make me feel like you do in my mind
If you just touch me with more than your hands

I wish you knew how it feels to only believe
Don't just keep using my love till there's nothing left

I love you, but I can't go on needing like this
But there's just so much I can stand
I can't let heaven be something I've missed
Please touch me with more than your hands

Please touch me with more than your hands
