

# I Can't Make It Alone

Lou Rawls

Now you know me,  
You know how proud I am  
What I'm gonna tell you now  
Won't be easy to say  
Oh, before I left you  
But I was a happy man  
But I've been so lonely  
Since I've been away.  
Well, I've tried and I know  
That I can't make it alone  
It's such a hard way to go  
I just can't make it alone  
There's something in my soul  
That will always lead me back to you.  
What can I say now?  
Sorry's just not good enough  
I couldn't blame you  
If you hurt me now  
The way I hurt you then  
Oh, but who else can I turn to?  
Baby, baby, I'm begging you  
Won't you reach out to a dying man  
And let him live again,  
Hey, baby, now  
I've tried and I know  
I can't make it alone  
It's such a hard way to go  
I just can't make it alone  
There's something in my soul  
That will always lead me, lead me back to you.  
Oh, baby, oh, baby  
Won't you help me, girl  
Girl, I need you  
I'm saying that I need you, girl  
I just can't make it alone  
I'm tried and weak then came by myself  
I can't go on give by my side.
