

# See You When I Git There

Lou Rawls

Pardon me, do you have change for a quarter?  
I gotta make a phone call, thank you  
Oh, I hope this woman don't take me through no changes today  
'Cause I've had a hard day today, man, you know  
Let me see what's happenin' at the address 'fore I go home

How you doin', I hope you're fine  
Did your day take you through changes  
And mess up your mind  
I just called to say that I'm on my way  
Whoa, and I'll see you when I git there

I hope you're in a good mood  
You know a man's home is his castle  
And I'm comin' home to groove  
Whoa, and I'll see you when I git there  
I'll see you when I git there

And you'll be ready for good lovin'  
You'll be ready for good lovin'  
'Cause I've worked hard all day  
Now I'm comin' home to be with the one I love

Candlelight, cold wine, soft music on the radio  
And you got everything you need from the store  
'Cause I'll be in for the evening  
And I don't wanna come out no more  
Whoa, and I'll see you when I git there  
I'll see you when I git there

And you'll be ready for good lovin'  
You'll be ready for good lovin'  
'Cause I've worked hard all day  
Now I'm comin' home to lay and relax my mind

Whoa, I'll see you when I git there  
I'll see you when I git there, baby  
I'll see you when I git there...

And you'll be ready for good lovin'  
You'll be ready for good lovin'  
'Cause I've worked hard all day  
Now I'm comin' home to lay and relax my mind

Whoa, I'll see you when I git there  
I said, I'll see you when I git there, baby  
I said, I'll see you when I git there...  
I said, I might have to run all the way  
Because the bus might be slow today  
I've been thinkin' about you all day long  
And I just can't wait to get home  
I'll see you when I git there  
I'll see you when I git there, baby  
I've been workin' hard all day, you've been on my mind  
I can't go on without you, darling, by my side  
I'll see you when I git there...
