

# Spring Again

Lou Rawls

It's Spring again  
I can hear the birds sing again  
See the flowers start to bud  
See young people fall in love

Well, it's Spring again  
Thunder showers, they are here again  
An extra hour for me and you  
To spend together

Pretty colours are everywhere  
Mother Nature, she still cares

Well, it's Spring again  
The grass is turning green again  
The warm air feels so good  
Summer's not too far away

Pretty colours, they are everywhere  
Mother Nature, she still cares

I said it's Spring again  
I can hear the birds sing again  
See the flowers start to bud  
And I see young people fall in love

I said it's Spring again  
And the grass is turning green again  
The warm air feels so good  
Summer's not too far away

And I said it's Spring again  
Time for us to do all the things again  
That we love to do in Spring again  
Uh-ah-hah, uh-ah-hah, uu-ah-hah

I said it's Spring again  
Time to hear the birds sing again  
See the flowers bud again  
Uh-ah-hah

It's Spring again  
Spring again, Spring again, Spring again  
I said it's Spring again

Another hour for us, yeah  
To do all the things we love  
Walking through a park  
Holding hands under the moonlight

And I said it's Spring again  
Aahhh, I said it's Spring again  
Don't it make you feel good  
When you can take off your Winter clothes
