

# There Will Be Love

Lou Rawls

As long as there's you, as long as there's me  
There will be love, there will be love  
As long as there's trust, as long as there's truth,  
There will be love  
When other loves have come and gone, our love will keep  
on  
goin strong goin strong goin strong  
Cause our love it's the kind of love  
you can feel deep down inside  
Our love is so alive, whoa its true love true love  
It's true love  
As long as there's you, as long as there's me,  
There will be love, there will be love  
And as long as there's trust, as long as there's  
truth  
There will be love MMmm Hmmm  
We'll live in sweet harmony, we'll relax and baby  
Let it be let it be naturally  
Cause my life my heart & my soul they belong to only  
you  
Happiness is long overdue  
I'm so glad it's you love you love  
I'm so glad it's you  
As long as there's you, long as there's me  
There will be love, there will be love  
And as long as there's truth, as long as there's trust  
Ah there will be love, there will be love  
And our love is going strong going strong  
Ah nothin but love  
Oh I know we'll let it be  
Ah just be let be naturally between you and me, baby,  
yea  
  
Our love is growing, nothing but love  
We will let it be naturally, just you and me  
As long as you and I are together  
We'll keep goin strong
