

# Chase All My Winters Away

Lou Rhodes

Stories from across the sea  
Reaching deep inside of me  
Finding places love had left behind  
Was it only chance you came  
To be the one to call my name  
Chasing all the shadows from my mind

And you bring such light to me  
Like the sunshine on a shimmering sea  
And your sunny breezes play  
To chase all my winters away

And little things like loneliness  
We notice more when they get less  
You woke me up to what I really missed  
Though so very far away  
You're blessing each and every day  
Almost as close as if we'd kissed

And you bring such light to me  
Like the sunshine on a shimmering sea  
And your sunny breezes play  
To chase all my winters away

So what am I supposed to do  
Oh so far away from you  
I miss you though we never really met  
Love's a strange and precious thing  
I know you make my whole heart sing  
I guess that's just as close as you could get

And you bring such light to me  
Like the sunshine on a shimmering sea  
And your sunny breezes play  
To chase all my winters away

And you bring such light to me  
Like the sunshine on a shimmering sea  
And your sunny breezes play  
To chase all my winters away

Chase all my winters  
Chase all my winters  
Chase all my winters  
Chase all my winters away
