

Never Loved A Man (like You)

Lou Rhodes

Slow day sunday
Dreaming the hours away
Left with the taste of you on my lips
Morning comes and goes
Afternoon too
I'm still taking in last night's bliss

I know we've been hurt before
When love came knocking at the door
But I'll tell you one thing for sure
That I know now
I never loved a man like you

This world of ours keeps us apart
You work from dawn 'til dusk
And I sit here writing songs of love

But together it seems
The world fades away
I wanna be with you night and day

And I know I wear my heart on my sleeve
And I seem to give love easily
So I hope you can still believe
That I know now
I never loved a man like you

I hope you can understand
It's simply beyond my command
My heart is in your hands
'Cause I know now
I never loved a man like you
No, no
I never loved a man like you
No I...
Never loved a man like you
