

# Babylon

Loudness

Holywater  
Smoke and fire  
All across this wasted land  
I'm the burner  
Electric bombers  
Shouting under desert skies

Before the war begins  
I need some bottle of wine  
Buddhist pray happiness  
Suffering loneliness  
See thru the eyes of emptiness

Snakes and lizards  
Kings and wizards  
Alien monsters  
Killing field  
Enter darkness  
Live with madness  
Ghost riders  
Burnin' in the sky

Before the war begins  
I need some bottle of wine  
Buddhist pray happiness  
Suffering loneliness  
See thru the eyes of emptiness

Babylon bibles in black
