

Crawl

Loudness

I know the reason
The reason you walked away
Sucked me into the shadow
Then you made me disappear

I fought my memories
Memories in my brain
Then I see the fire
Fire in the sky

I'm dancin' with the shadows
When you start to crawl
I'm dancin' in the shadows
When you start to crawl

Love you all the way
Love you all the way
All the way, all the way
