

Crimson Paradox

Loudness

Guns fire - black sun dire
Tank gunner - hold your fire
Protester yells in anger
A bloodless coup conspired

Hear them outcry for freedom
To dictator we won't succumb
King Naked - bloody "Red Terror"
Conceals the system error

Crimson paradox

He said we are the kingdom of this world

Aristocrats protected
Have-nots and poors discarded
The system contradiction
Starvation anger eruption

Modernization's pitfall
Triggers a collapse of the Great Wall
King Naked - true oppression
Inhumane mass aggression

Crimson paradox

Guns fire - black sun dire
Tank gunner - hold your fire
Protester yells in anger
A bloodless coup conspired

Hear them outcry for freedom
To dictator we won't succumb
King Naked - bloody "Red Terror"
