

Ghetto Machine

Loudness

I'm your guilt
I'm your shame
I get burned
In your flame
Poisoned seed
Is all you need
Innocence will
Start to bleed

Ash to ash
Dust to dust
Faith is lost
Hope is crushed
In your face
The master race
Visitors
From outer space

I'm coming close to you

I'm your monk
Yakuza punk
Godzilla drunk
Geisha bar
Nihon god
Asian mob
Mother sperm
Here to rob

I'm coming close to you

Ghetto Machine
Ghetto Machine

Temple falls to the ground
Volcano runs through the town

Ghetto Machine
