

# I Wonder

Loudness

Memories of days gone by  
You're a star now  
Shine so bright  
I wake to find you're not there anymore

In the mist your halo's so strong  
I can feel you right by my side  
In my dream you're still here with me  
Don't let my dream fade into darkness

I'm screaming inside  
I wonder if you'll ever find your way home  
I'll remember you my dear  
I wonder if you would remember me

Embracing my despair  
Trying to fill the void  
Seasons change but never change our minds  
In a passage of time we transcend  
Even death can't part us now  
Like the tide that comes in and out  
You're in my dream night after night

I'm screaming inside  
I wonder if you'll ever find your way home  
I'll remember you my dear  
I wonder if you would remember me

Time has come for me to live another day  
Open my eyes now, I realize a day, realize a place

I'm screaming inside  
I wonder if you'll ever find your way home  
I'll remember you my dear  
I wonder if you would remember me  
I'll remember you...
