

# Rise to Glory

Loudness

From the Far East  
We came to conquer  
Across the seven seas

Gonna blow your mind  
Ad rock you harder  
We are sure to please

Roll like a thunder, a streak of lightning  
We're gonna shake your ground  
To the red and white we hail  
Raise your fists up and yell

Arise!  
From our ashes  
Stand tall! Loud and proud  
Don't fall  
Gotta get movin'  
Stand tall and glory be!

Blowing up the fuse  
Crank it louder  
Breaking all taboos

Bang your head to heavy metal thunder  
We're gonna rock til' we're gone

C'mon!  
Gonna rock you, piss off  
Say "Yeah!" Loud and proud  
Don't fall  
Gotta get movin'  
Stand tall and glory be!

We shall rise to glory  
Rise above  
Make the sun rise again  
We shall vow

Do or die, we're ready  
Ask not why  
Loud and proud until the end of time

Arise!  
Stand tall!  
Glory be!  
Glory be!
