

# Who the Hell Cares

Loudness

The time has come to say goodbye  
But you know I ain't the only one  
All the heroes, fools and saints  
They're gonna die no matter who they are  
Up above, Is there a heaven?  
(I don't give a shit! No one will ever know)  
Down below, Is there a hell?  
(I don't give a shit! No one will ever know)  
Annihilation of mankind?  
I know there's only one thing for sure  
Doomsday clock ticking  
I can only say that nothing lasts forever  
Who the hell cares? What's really hip  
(Who the hell! Who the hell cares!)  
Who the hell cares? Big money talks  
(Who the hell! Who the hell cares!)  
Who the hell cares? Who's the next liar?  
(Who the hell! Who the hell cares!)  
Who the hell cares? Rock is dead  
(Who the hell! Who the hell cares!)  
We are born to live and die  
To the heaven we will fly  
There's no need for fear or fright  
So long  
Shout! Shout! Shout now!  
When you feel down, darkness comes  
You'll never know tomorrow, God never answers  
My tongue is dry gimme some more JACK  
Just let it go, let it flow  
Carry out a coup d'etat  
I know there's only one thing for sure  
Doomsday clock ticking  
I can only say that nothing lasts forever  
Shout! Shout! Shout now!
