

Wicked Witches

Loudness

Cruising, cruising after midnight
No lights on killer road
I'm the man
Man of revolution
No one can stop me now

I'm the voice
The voice from the graveyard
Screaming out your name
You got no choice
Got no voice
Who in the hell do you think you are

Speeding up
Pumping up my iron
Searching for the entry lights
Dancing, dancing naked ladies
Makin' my way down
The phantom road

Wicked witches
Whorehouse babe
No roof above
No one to love
Wicked witches
Scumbag babies
Know how to blow
What's down below
