

# Needless To Say

Loudon Wainwright III

Needless to say  
Say it anyway  
In any way that you need to.  
You know nothing at all  
Nothing is all and there's nothing no so except you.  
Please remember my song.  
Please remember my song.

Make no mistake  
Take what you make  
You make it so take it it's for you.  
Never the less  
The less you guess  
So never at guessing you've got to.  
Please remember my song.  
Please remember my song.

Welcoming change  
Changes arrange your arrangement  
Well they're supposed to.  
Believe it or not  
Not withstanding your lot  
The lot that you got stands for you.  
Please remember my song.  
Please remember my song.
