

# Out Of this World

Loudon Wainwright III

It's almost time now  
It's almost over  
Sooner than later  
I'll be dead and gone  
Out of this world  
And I guess that I'll miss  
Some of the good times  
But it'll be fine for me  
To be moving on  
Out of this world

Out of this world  
And into another  
A kinder world  
A world that's better  
Out of this world

Out of my mind  
And out of my body  
Nothing will hurt me  
I'll be so happy  
Out of this world

And you all will miss me

Then you'll forget me  
But that won't upset me  
'Cause nothing will get to me  
Out of this world

Out of this world  
And into another  
A kinder world  
A world that's better  
Out of this world

It's almost time now  
It's almost over  
Sooner than later  
I'll be dead and gone  
Out of this world  
And I guess that I'll miss  
Some of the good times  
But it'll be fine for me  
To be moving on  
Out of this world
