

The Days That We Die

Loudon Wainwright III

You'll never change, neither will I, we'll stay the same till
the days that we die.

I'll never win, neither will you, so what in this world are we
gonna do,

People hate change, they make a fuss, they stay the same, peopl
e like us,

Folks wanna win, when they can choose, but more important than
that, folks don't wanna lose

Rufus:

When did it start how did it go wrong

why in this world can't we get along

Each victory should be good news,

But when i have to win you're the one that I lose

Loudon

I wanna chage but i don't know how

we need to change though, I know that now

Its sad but its true and I have to say, that the days that we d
ie aren't that far away

Rufus:

You'll never change neither will I

We'll stay the same till the days that we die

I'll never win, neither will you

so what in this world are we gonna do?
