

Drowning

Louie Austen

I'm drowning in my tears without love
I'm trembling , I am none without love
My blood is freezing in my heart
I'm shivering, I am cold without love

Now I'm all alone
After you are gone
How can i survive
You took my love, you took my life

Now I'm all alone
After you are gone
How can i survive
You took my love, you took my life

I'm drowning ... without love
I'm tremb ... without love
My blood is freez... in my heart
I'm shivering, I am cold ...

... I'm all alone
After ... are gone
How ... survive
You took my ..., you took my life

Now I'm all alone
After you are gone
How can i survive
You took my love, you took my life
