

## Brother Bill

Louis Armstrong

Well me and brother Bill went a huntin' away up in the hills of  
Maine

The reason why we went up there we thought we'd catch some gain  
And as we were a huntin' away in the middle of the night  
We shot somethin' that looked like a grizzly bear the doggone t  
hing turned white

Well I dropped that gun and away I run  
My brother Bill says boy what's the matter with you  
And he'd known like me he'd've ran some too  
Well I'd ran so fast to say and they couldn't catch me all day  
Away I'd run cross that field they couldn't catch me with an au  
tomobile

My brother Bill got so excited he committed shootin' at me

I heard those bullets sizzlin' all among those trees  
I was runnin' so fast that night my feet wasn't touchin' the gr  
ound  
I heard a little tailbird in the tree singing he's Alabamy boun  
d

Well I'm goin' home I'm all alone  
My brother Bill says boy what's the matter with you  
And he'd known like me he'd've cut out too  
Well I run so fast to say and they couldn't catch me all day  
Away I run cross that field they couldn't catch me with an auto  
mobile  
No they couldn't catch me with an automobile
