

# On The Sunny Side Of The Street

Louis Armstrong

**G7**            **C**            **C/B**            **Bm7 E7**  
Grab your coat and get your hat,  
**F**                    **Bm7**            **B9**  
Leave your worries on the door - step;  
**Am**            **Am**            **D9 D7**  
Just direct your feet  
**F**            **G7**            **C**  
To the sunny side of the street.

**G7**            **C**            **C/B**            **Bm7 E7**  
Can't you hear the pitter-pat?  
**F**                    **Bm7**            **B9**  
And that happy tune is your step!  
**Am**            **Am**            **D9 D7**  
Life can be complete  
**Dm7**    **G7**            **C**  
On the sunny side of the street.

**Cmaj7**            **C7**    **Gm7**            **C7**            **Gm7**            **F**  
I used to walk in the shade with those blues on parade;  
**D9**    **Am7**            **D7**                    **G7**                    **G9**  
But I'm not afraid -- this rover crossed over!

**G7**            **C**            **C/B**            **Bm7 E7**  
If I never had a cent,  
**F**                    **Bm7**            **B9**  
I'd be rich as Rock - e - fel - ler,  
**Am**            **Am**            **D9 D7**  
Gold dust at my feet  
**Dm7**    **G7**            **C**  
On the sunny side of the street.
