Don't Worry 'Bout That Mule

Louis Jordan

Git da diddle doo doo
Well, Bubba don't sit and worry 'bout the mule goin' blind
Just sit tight and hold that line
Don't worry 'bout the cow bein' poor
Just drink that milk and ask for more

Don't you worry 'bout that mule
Cause he ain't goin' blind
Don't you worry 'bout that mule
Baby, you just hold that line
Don't you worry 'bout that mule
Cause you know he ain't no fool
Don't you worry 'bout that mule
Momma, you just keep cool

Some flyin' high, some flyin' low
Somebody's got to go
You know that I know that he know that they knows

Baby, you better take it slow

Don't you worry 'bout that mule
Cause he ain't going blind
Don't you worry 'bout that mule
Momma, keep 'em cool

Yeah, some flyin' high and some flyin' low
Somebody's got to go
You know that I know that he know that they knows
Baby listen to me, and take it slow

Don't you worry 'bout that mule
Cause he ain't going blind
The mule's been to school
He ain't no fool
So, sit on your stool and don't worry 'bout the mule
