

# Let's Get Drunk And Make Friends

Love and Theft

It don't matter if you're just like me  
But if you like to sip the whiskey  
And if you're down for a real good time  
We'll get along just fine

[Chorus:]

Let's get drunk and make friends  
We'll find some trouble we can all get in  
We'll shoot tequila if you're into that  
And get all messed up like a football bat  
You got a weakness for a good strong buzz  
Then you gotta meet some folks like us  
We know Jack, we know Jim  
We'll introduce you to them  
Let's get drunk and make friends

Well it don't matter where you're from on the map  
If you're Republican or Democrat  
It don't amount to a hill of beans  
It's as easy as one, two, three  
Shots, shots!

[Chorus:]

Let's get drunk and make friends  
We'll find some trouble we can all get in  
We'll shoot some Jager if you're into that  
And get all messed up like a football bat  
You got a weakness for a good strong buzz  
Then you gotta meet some folks like us  
We know Jack, we know Jim  
We'll introduce you to them  
Let's get drunk and make friends

[Chorus:]

Let's get drunk and make friends  
We'll find some trouble we can all get in  
Shoot popcorn whiskey if you're into that  
And get all messed up like a football bat  
You got a weakness for a good strong buzz  
Then you gotta meet some folks like us  
We know Jack, we know Jim  
We'll introduce you to them  
Let's get drunk and make friends

We know Tyler, Trent, and Tim  
We'll introduce you to them  
Let's get drunk and make friends
