

Like I Feel It

Love and Theft

Eleven A.M. lyin' in bed
Thinkin' bout you and lit a cigarette
If I could bribe the sun and make it go down
I wouldn't have to wait for tonight to come around
Seein' your eyes, feelin' the rush
Like a shot of good whiskey runnin' through my blood

[Chorus:]

Put your lips on my smile
Let 'em stay for a while
Can you feel it, like I feel it
Slip on out of that shirt
You're lookin' so good it hurts
Can you feel it, like I feel it
You're makin' my heart go
Ohh Ohh Ohh
You're makin' my heart go
Ohh Ohh Ohh

Throw a blanket down on the hood of my car
Get a twelve pack in and take it too far
Forget about the world it's all about you
I wanna turn you on, tell me what to do
Seein' your eyes, feelin' the rush
The sweat on your skin is getting me drunk

[Chorus x2]
