

## She's Amazing

### Love and Theft

A char on the porch  
That sun comin' up  
Warm on my face  
I'm thanking god for my luck

She walks through the door  
Wrapped up in a sheet  
Floating on air  
An Angel in her bare feet  
Leaving me speechless

She's the light at dawn  
She's the cloud I'm on  
She's amazing  
Mona Lisa's smile  
She's so innocent and wild  
She's amazing, yeah  
She's Amazing

Her eyes say it all  
There's something to see  
I can't stop staring  
Her staring back at me  
The world doesn't matter  
Nothing else matters

Amazing  
So Amazing

She's Amazing  
She's Amazing
