

## California

### LOVE PSYCHEDELICO

Behind the golden clock  
I stepped inside through the door  
Beside the lemon tree  
I grow up with so many things  
Oh, California  
Dreaming about yesterday  
It has gone  
Over the sea  
Oh, California  
Waiting for you to come, sweet home  
Still the same  
The hands were making  
Sweets and clothes in silence  
The hands' work  
How I long for their old things  
Oh, California  
Dreaming about yesterday  
It has gone  
Over the years  
Oh, California  
Waiting for you to come, sweet home  
Sou kimi wa mou sude ni yume no naka de boku wo daiteru star  
Ima subete nozomi kanau nara mazu kimi ga boku wo utsu I call  
Oh, California  
Dreaming about yesterday  
It has gone  
Over the sea  
Oh, California  
Waiting for you to come, sweet home  
Still the same
