

Looking Glass

Love

Like a looking glass girl
In a miniature world
Saw you dance like dice
And tumble to the floor
Like a looking glass girl
In a miniature world
Whirl your Disney arms
And jump the merry-go-round

The umbrella man is shouting
We shake his paper hands
There's mirrors down beneath our feet
So "let's skate down the street"
The casino man is laughing

He wears a shivering hat
We peel away like tinsel
Stick like splinters to the wall

Like a looking glass girl
In a miniature world
She saw you dressed in rags
In-and-out of a jack-in-a-box
Because she's a looking glass girl
In a miniature world
Whirl your see-saw arms
And ride the Catherine wheel
