

# Midnight Sun

Love

The midnight sun is shining  
Shining on my baby's face  
That's when I know I should be returning  
But I just don't know  
Don't know the reason why  
That I don't know  
I'll give a reason why  
I gotta keep on baby  
Till I find my motion that way  
And every time I see my baby  
She just reminds me of a sun  
That's why I know I should be returning  
Oh, I just don't know  
Don't know the reason why

For I don't know  
I'll give a reason why  
Come on baby  
Come on  
Wow  
The midnight sun is shining  
Shining on my baby's face  
That's when I know I should be returning  
But I just don't know  
Don't know the reason why  
For I don't know  
I'll give a reason why  
Come on baby, come on  
Wow  
Come on baby, come on  
Wow  
Wow  
Come on  
Ooh, come on  
Come on
