

# My Flash on You

Love

I don't want to be in your company  
I don't need you to take care of me  
Let me alone, let me alone, let me alone, can't you let me be  
All I want in this world is to say I'm a man that's free

People talk about the way I look  
I say come on and say it, I got enough to write a book  
But don't they know, don't they know, don't they know it's a waste of breath 'Cause I don't wanna be like them, all I want is to be myself  
(Lemme hear you play it one time now)

Don't try to force your smuggled drugs my way  
'Cause baby, I cleansed my soul and I say that's the way it's gonna stay  
But you can put me down, all around, on the ground, anyway you choose  
Get your kicks with your fix, but this time I know it's you who lose
