

## Collide

## Lovebugs

Collide  
We can't wait forever  
My heart is open wide  
Divide  
It is now or never  
Come on step inside

We have talked  
And fought about it  
With no end in sight  
This is it  
My final offer  
It's up to you, decide  
Ayayay

I can't believe  
The escalation  
Why did we lose control  
We could have been  
Just broken-hearted  
Now we're broken souls  
Ayayay

Collide  
We can't wait forever  
My heart is open wide  
Divide  
It is now or never  
Come on step inside

We have talked  
Around the table  
Tried so civilized  
But I would rather  
Love or hate you  
Adore you or despise  
Ayayay

Collide  
We can dance forever  
My heart is open wide  
Divide  
It is now or never
