

Filling Up The Hole

Lovebugs

Well, I'm part of the boom
Born into a legoland
I don't really have needs
But do it all the same
Now I'm part of the bloom
And it makes me drunk
And I steal it away
I'm not gonna bleed for that
Filling up my fifth umbrella
With any kind of any liqueur
With the brand new model
In record player
Filling up the hole in my life
