

Everyone Needs A Halo

Lovedrug

Got sick and we cut our lips on universal truth
Got tired of askin' you to help me tie my noose
I'm a bad dream
I'm a wet dream
She's a chip off the block, he's a bucket of bones
We're the semen that comes out way too fast
Just a-hangin' around, just a-waitin' to die
We're all suckers in the same damn sucker punch show
Ooh ooh
Everyone needs a halo
Ooh ooh
Everyone needs a halo
Got sick of the angel on our shoulder catchin' fame
Got tired of the conscience on my back who takes the blame
I'm a bad dream
I'm a wet dream
She's a chip off the block, he's a bucket of bones
We're the semen that comes out way too fast
Just a-hangin' around, just a-waitin' to die
We're all suckers in same damn sucker punch show
Ooh ooh
Everyone needs a halo
Ooh ooh
Everyone needs a halo
Ooh ooh
Everyone needs a halo
Ooh ooh
Everyone needs a halo
Cool hair, nice shoes
Got plenty for all, nobody can lose
Got style, nice car
You're a hole in my head and that's all that you are
