

Get over It

Lovedrug

You're sweet like candy in the rain
You melt my heart into a rainbow river of pain
So do you think you'll come around
Or leave me stranded here like
Echoes in a ghost town
Lovers quarrel

Hell or high
Water isn't what it takes sometimes
Let me get another bottle of wine
And g-g-g-get over it
No mind
I'm brainless so it seems sometimes
Let me find another shoe to shine
And g-g-g-get over it

I get lost when you say my name
A mouth full of dice, you shake me up with all your mind games
What do you think of neon bound
Gun on my thigh under a black crushed
Velvet prom gown
Lovers quarrel

Hell or high
Water isn't what it takes sometimes
Let me get another bottle of wine
And g-g-g-get over it
No mind
I'm brainless so it seems sometimes
Let me find another shoe to shine
And g-g-g-get over it

Hell or high
Water isn't what it takes sometimes
Let me get another bottle of wine
And g-g-g-get over it
No mind
I'm brainless so it seems sometimes
Let me find another shoe to shine
And g-g-g-get, g-g-g-get over it
