

## Head Noise (Heart of Magic)

Lovedrug

Head storms, got a runner  
Head storms, got a runner  
I gotta sit down  
I wait it out in a field  
Under the moon

Heart noise, heart of magic  
Head noise, If i don't leave you here  
I'll never get out  
I wait it out in a field  
Under the moon

I wait it out in a field  
Under the moon
