

In Red

Lovedrug

Out of love for the hunt, out of love for the catch, for the thrill I will sail across this ocean. Out of love, for a pirate seeking fortune.
All the blood that we spilled can not fill my empty heart. On a beach we're dressed in red, on a beach we're dressed in red.
Out of love for the sea, out of love for your majesty, for the thrill i could change, out of love for my captain, I can't change, No i can't.
All the blood that we spilled can not fill my empty heart. On a beach we're dressed in red, on a beach we're dressed in red.
In a memory i fall into the arms of a dancing girl, on a beach we're dressed in red, on a beach we're dressed in red.
Fall inside of her, fall inside of her now, on a beach we're dressed in red.
