

Novocain

Lovedrug

There's something bad in the water
Says the crow at your door
Do you mind if I come inside
I'm tired and sore

There is no feeling at the bottom
How fortunate so
You've been greedy with a four leaf clover
And it's starting to show

Baby don't worry
Baby don't cry
I've got a cool surprise
Baby don't worry
Baby don't cry
I've got a cool surprise

Na, na, na, na, na, na, novocain

There's buried pictures in your dreaming
Down memory lane
Like a nuclear fall out town
In a desert unnamed

Look there's your house
Where Apollo laid at your door
And there's your school
Where the water made way for the shore

Baby don't worry
Baby don't cry
I've got a cool surprise
Baby don't worry
Baby don't cry
I've got a cool surprise

Baby don't worry
Baby don't cry
I've got a cool surprise
Baby don't worry
Baby don't cry
I've got a cool surprise

Na, na, na, na, na, na, novocain
Na, na, na, na, na, na, novocain
Na, na, na, na, na, na, novocain
Na, na, na, na, na, na, novocain
