

Pushing The Shine

Lovedrug

You see I have legs that need to grow
I gave up everything
What love, here's the end of the wire
A laughing party dies
Hello, hello, I am the sun
Now, tell me it burns, it burns
I am pushing the shine on everyone
'Cause it's my turn
You say I'm a bullet on my way
To meet the China girl
Hey world, get me love or get me out
My laughing angel shouts
Hello, hello, I am the sun
Now, tell me it burns, it burns
I am pushing the shine on everyone
'Cause it's my turn
Hello, hello, you are the sun
I tell you it burns, it burns
Now, you are pushing the shine on everyone
'Cause it's your turn
