

Always On My Mind

Loverboy

I knew her since high school
We were seventeen
I was old enough to know
She was old enough to dream

I try to remember, bring back memories
And you know that she is always on my mind

She knew what I needed
Never let me down
She was always the last to leave
And the first to come around
I try to remember, bring back memories
And you know that she is always on my mind

Always on my mind
She's driving me crazy
Always on my mind
And you know that she is always on my mind

Every night in my dreams I still see her face
Thought she gave it all for me
She only gave me a taste
Every time I see her, it comes back to me
And you know that she's always on my mind

Always on my mind
She's driving me crazy
Always on my mind
And you know
Yes you know
Yes you know

Ooo, yeah

Always on my mind
She's driving me crazy
Always on my mind
And you know that she is always on my mind

Always on my mind
She's driving me crazy
Always on my mind
And you know
Yes you know
Yes you know

Always on my mind
